# Germany Still In Juridical Limbo

## By Klaus Jaeger & Stephen Knott

**S**IR REGARDING THE ARTICLE: "Germany still in juridical limbo Part 1" In the article Mr. Ebel says: "Right now, "Germany rests on the 2nd Reich" and on the constitution of the Weimar Republic created on August 11, 1919, Wolfgang Gerhard Günter Ebel told AFP. This is the only legal constitution for Germany, according to Ebel, until a peace treaty is signed.

### THIS IS CONTRADICTIONARY!

The Second German Reich (Deutsches Kaiserreich) has a constitution, accepted by all the relevant state organs, the Bundesrath and the Reichstag.  
[See here.](#)

The **"Weimar Republic"** is a construct of criminal revolutionaries; it came into existence by the illegal overthrow of the Kaiser and his government and thus is illegitimate, - a **criminal organization**.

This is not my "opinion" ... **revolutions are NEVER legal; esp. when acted out by Jews!** All powerful politicians of Weimar were **Jews**. PLUS: The signators for "Germany" of the infamous "Treaty of Versailles" were all Jews.

The jews were **over represented** in Germany in many important fields: banking, media, radio, films, lawyers, doctors, literature, art, politics.

**Weimar was a snake pit of immorality.** Berlin was a faggot child molesting transgender swamp, and **the Jews managed all of it.**

Most Germans **hated the Jew swamp Berlin**, the immorality, and the Weimar Republic.

This brought the Hitler party to power ... well, with the help of the Wall Street Jew banksters who financed Hitler's party **BECAUSE** they knew: **without Hitler there would be NO world war II !**

I gained this knowledge from Eustace Mullins important work:

***The Rape of Justice  
American tribunals exposed  
published 1989.***

**It is impossible to trust any American.** That the Jew infested American government accepted **Mr. Ebel, a communist** in my eyes, as leader of the Jewish Weimar Republic —well, no wonder.

Why wasn't Mr. Ebel made public to the Germans in the nations television? Why did the Americans do not insist on a legal, legit government in Germany?

Well, I know. **Because they want all Germans dead.** They use every means to destroy us. I hate it. **The US Government has a plan from the RAND corporation how to destroy Germany and Europe with the war / the Russian special military op in Ukraine, see:**

**Swedish newspaper reveals the US plan to kill Europe with the Ukraine war:** Europe and Germany are brought in a total mess and chaos by the "American" jew lawyers, the politicians, the media, the banksters, ... oh, and they are all ruled by Jews / Edomites / Synagogue of Satan and their slaves.

**I can not express my hate for this evil.** Europe's nations need **courageous** Christian leaders, but there are none to see.

Although there are millions of Germans walking in protest of the jew government in every single little town and the bigger cities ... the jew government in Germany uses the police and secret police and the courts and the media —everything in their power to hide and suppress the truth.

Watch millions of Germans walk in protest on the YouTube channel "**Gedichte aus der Zukunft**". **This channel shows short video clips of the many many different German cities were thousands and thousands Germans walk in protest.** Add the numbers of the different cities and **it will be millions** ... and additionally: the clips shown on the channel **ONLY** show the known protests , not **ALL** of the protests.

But Germany lacks Christian leaders; and if there is one, he has no money to further his work. You know: money is necessary to do politics; also protection is necessary —but there is none.

It is a hopeless situation in Europe, especially in Germany, although millions of Germans **protest the jew government without knowing it is a jew government.**

**THINK** about this: If you would tell the Germans —most of them would defend the jew, not their fellow Christian countrymen. **This is how brainwashed and idiotic Germans became by the American mind control after 1945.**

The situation seems to be hopeless, but what do I know? Almighty God knows better than I.

**But I will never trust any American again.** America is part of the "Babylonian whore" its people are mostly cowards, - armed to the teeth but doing nothing to free themselves from the Washington swamp. Trump is a Trojan horse for the banksters. America is a cancer for humanity. But Americans are satisfied with worshipping Trump. So —here we go into the abyss.

I do not believe any attorney or lawyer anymore; they simply can not be trusted because they all belong to the British / international BAR ASSOCIATION, a criminal organization.

## **Response From Rev Dr Stephen MK d'Guelph Brunswick**

I forwarded it along to also several German brothers for their analysis. One (Klaus Jaeger, elder in OCC Germany) responded with a strong argument for the 1918-2018 Prussian de jure government (above). As is the norms of international law, and laws of prescription the claims to rightful title have fully ended as there were no protests by the Prussians against the occupiers for more than 50-100 years.

I also have 2 letters from the private attorneys of HIRH Georg von Pruessen confirming they have not protested against the occupiers, so the claims of our vassals of Brunswick were formally transferred without major debate from Prussians, per the understood law of the lands.

As it was a sub-principality of Wolfenbittel itself that we received these juridical acts from the de jure Prussian government (while it still had some legitimacy, till 2018) we have a good claim of sovereignty, on nearly a dozen methods now, including items keeping the protests alive by the fullest definitions, not only direct protests against the Germanic Confederation on the titles, and against Hanover, and against Prussia, but these continued long after, in the Welfen party which remained active with seats in Germany (later called Deutsche Party) till the 1960's, and also our

uncle Ulric d'Guelph, rightful duke and grandson of Charles II von Wolfenbittel who wrote several books documenting our imperial rightful succession, and was killed on the day after he filed his winning appeal, with the Swiss Government.

Writing the equivalent that they will assassinate those of this house who threaten them (to take their half of the Billion + francs estates) again as per Swiss law they would be required to return at least the half to natural family (which in the same will all acknowledged, including Otto von Bismark, that Hanover is not natural family). Although other items in the will, transferred by the rightful monarch to the custodianship of Geneva could not be realized, like the numerous forests, the mountains, the forests, the mines, and the "domains" a special word of power, in entitlement, etc which were in the same legal document that would be impossible to "transfer" to the city of Geneva or any bank.
